DESCRIPTION

Digi-wood is produced using the most advanced HD technology available. The superior makeup of this material is obvious to the eye and touch as it arouses a powerful emotional response that makes hardwood flooring so appealing. What is not so obvious is that Digiwood is environmentally friendly, easy to install and clean and is suitable for any application.

INSTALLATION + MAINTENANCE

Digi-wood may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of America (TCA). Eleganza sales representative will advise you on general installation questions.
